# Your Roadmap to Navigating the Upcoming Changes

**E&M  
CHANGE  
JUST AHEAD**

## E&M COMPARISON CHART

**FREE .pdf download**

**or purchase double-sided  
laminated copies**

**with included  
MEDICAL NECESSITY  
LEVELING CHART**

NAMAS E&M Comparison Chart				
E&M Component	Definition	2019	2020	2021
Chief Complaint	Identify the reason for the patient's encounter.	No change	No change	No change
History of Present Illness (HPI)	Describe the reason for the encounter in terms of the patient's current symptoms.	With this update, the HPI is expanded to include the patient's history of the condition, including the patient's current symptoms, the patient's history of the condition, and the patient's history of the condition.	No change	HPI should include the patient's history of the condition, including the patient's current symptoms, the patient's history of the condition, and the patient's history of the condition.
Review of Systems (ROS)	Describe the patient's medical history, including the patient's current symptoms, the patient's history of the condition, and the patient's history of the condition.	With this update, the ROS is expanded to include the patient's history of the condition, including the patient's current symptoms, the patient's history of the condition, and the patient's history of the condition.	No change	ROS should include the patient's history of the condition, including the patient's current symptoms, the patient's history of the condition, and the patient's history of the condition.
Past Family Social History (PFSH)	Describe the patient's medical history, including the patient's current symptoms, the patient's history of the condition, and the patient's history of the condition.	No change	No change	No change
Exam	Describe the patient's medical history, including the patient's current symptoms, the patient's history of the condition, and the patient's history of the condition.	With this update, the Exam is expanded to include the patient's history of the condition, including the patient's current symptoms, the patient's history of the condition, and the patient's history of the condition.	No change	The Exam should include the patient's history of the condition, including the patient's current symptoms, the patient's history of the condition, and the patient's history of the condition.
Encounter Diagnosis	Describe the patient's medical history, including the patient's current symptoms, the patient's history of the condition, and the patient's history of the condition.	No change	No change	No change
Data & Complexity	Describe the patient's medical history, including the patient's current symptoms, the patient's history of the condition, and the patient's history of the condition.	No change	No change	No change
Table of Risk (TOR)	Describe the patient's medical history, including the patient's current symptoms, the patient's history of the condition, and the patient's history of the condition.	No change	No change	No change
Time	Describe the patient's medical history, including the patient's current symptoms, the patient's history of the condition, and the patient's history of the condition.	No change	No change	No change

## Be Ahead of the Curve and Clear the Confusion
